

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Approve Plans and Specifications and Authorize Advertisement for Bids for the Lodi Avenue at Stockton Street and Elm Street and Ham Lane Traffic Signal and Striping Modification Project; and Adopt Resolution Approving Installation of No-Parking Zones for Left-Turn Lanes on Lodi Avenue at Stockton Street

MEETING DATE: October 4, 2006

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council approve plans and specifications and authorize advertisement for bids and adopt a resolution approving the installation of no-parking zones for left-turn lanes on Lodi Avenue at Stockton Street for the above project.

BACKGROUND INFORMATION: This project includes modifying the traffic signal and striping on Lodi Avenue at Stockton Street to accommodate left-turn lanes. In addition, the project includes installing a new larger cabinet foundation and replacing the cabinet controller equipment at the Elm Street and Ham Lane intersection.

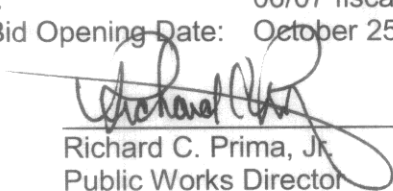

Over the past several years, the Lodi Avenue and Stockton Street intersection has experienced an increase in left-versus-through collisions for the eastbound and westbound approaches. Separate left-turn lanes or pockets will reduce this type of collision. As shown in the attached Exhibit A, no-parking zones are needed to accommodate separate left-turn lanes on Lodi Avenue. We sent information letters to adjacent property owners requesting their comments. All comments received concurred with the recommendation.

At the Elm Street and Ham Lane intersection, some of the auxiliary equipment is obsolete and can no longer be serviced or repaired. The existing cabinet and foundation will be replaced with a larger foundation and new cabinet, controller and auxiliary equipment.

Notification to the public will be mailed to property owners adjacent to the project limits. There are no detours anticipated during project construction.

FISCAL IMPACT: In the near term, maintenance costs will be reduced.

FUNDING AVAILABLE: The funding source for this project is Transportation Development Act (TDA). A request for appropriation of funds will be made at contract award.
Project Estimate: \$42,000
Budgeted: 06/07 fiscal year
Planned Bid Opening Date: October 25, 2006

SUBJECT: Lodi Avenue at Stockton Street Signal Modification Project
No-Parking Zone Installation Recommendation

Over the past several years, the Lodi Avenue and Stockton Street intersection has experienced an increase in left-versus-through collisions for the eastbound and westbound approaches. Separate left-turn lanes or pockets will reduce this type of collision. The design indicates no-parking zones are needed to accommodate separate left-turn lanes on Lodi Avenue. As shown on the enclosure, this will affect parking along your frontage.

Please review the enclosure and send or email your comments to the address shown above by **Friday, September 1, 2006**. We are planning on taking this item to City Council in September or October 2006. We will forward the staff report to you prior to the Council meeting.

If you have any questions, please contact me at (209) 333-6800 extension 2667. Thank you in advance for your input.

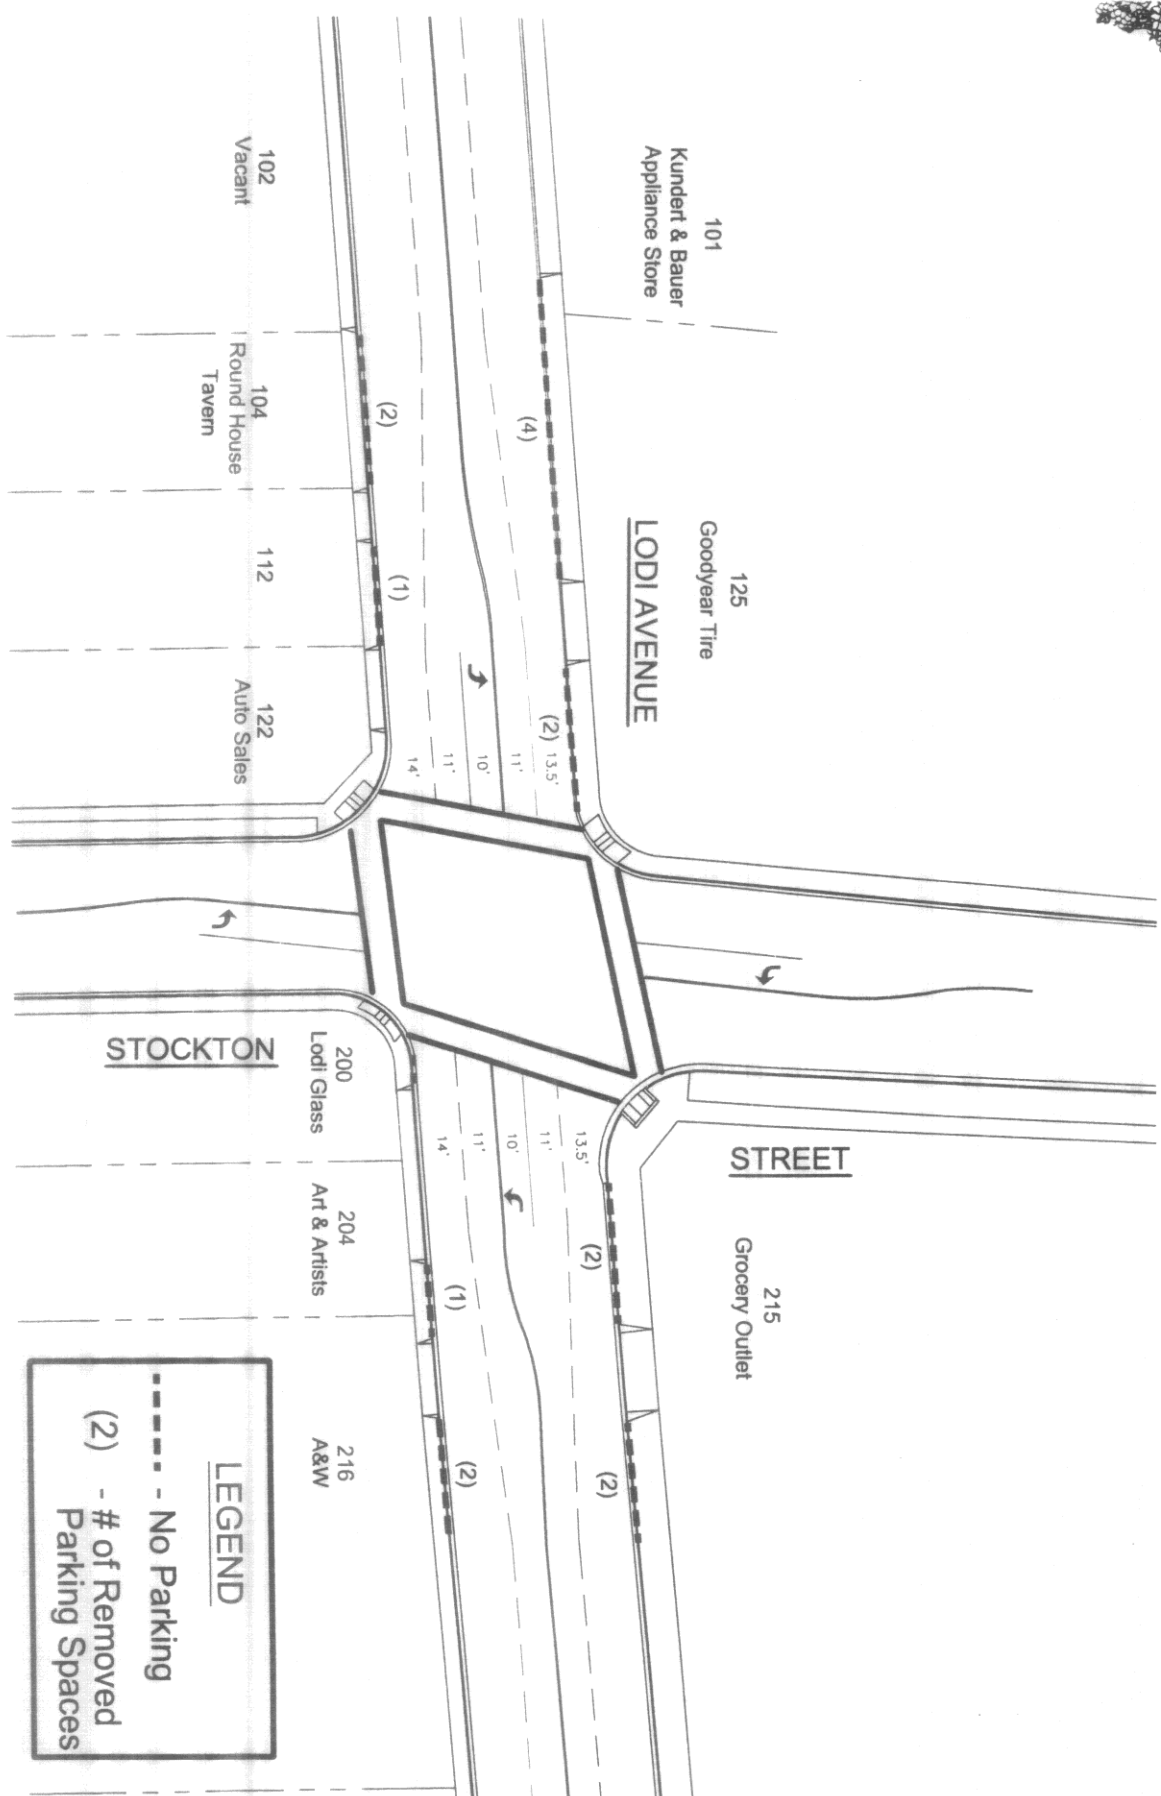

Sincerely,

Paula J. Fernandez
Senior Traffic Engineer

Enclosed is a copy of background information on an item on the City Council agenda of Wednesday, October 4, 2006. The meeting will be held at 7 p.m. in the City Council Chamber, Carnegie Forum, 305 West Pine Street.

This item is on the consent calendar and is usually not discussed unless a Council Member requests discussion. The public is given an opportunity to address items on the consent calendar at the appropriate time.

If you wish to write to the City Council, please address your letter to City Council, City of Lodi, P. O. Box 3006, Lodi, California, 95241-1910. Be sure to allow time for the mail. Or, you may hand-deliver the letter to City Hall, 221 West Pine Street.

If you wish to address the Council at the Council Meeting, be sure to fill out a speaker's card (available at the Carnegie Forum immediately prior to the start of the meeting) and give it to the City Clerk. If you have any questions about communicating with the Council, please contact Jennifer Perrin, Interim City Clerk, at (209) 333-6702.

If you have any questions about the item itself, please call Paula Fernandez, Senior Traffic Engineer at (209) 333-6800, extension 2667.
